

OMAR HAMAD AL-NASSER

Management Information Systems | Data Analytics & BI

O.alnasser03@gmail.com | +966 558740928 | Dammam, Saudi Arabia | [linkedin.com/in/omar-alnasser](https://www.linkedin.com/in/omar-alnasser)

PROFESSIONAL SUMMARY

MIS graduate from Imam Abdulrahman Bin Faisal University with a strong academic foundation in systems analysis, enterprise systems, information security, and business intelligence, paired with hands-on co-op experience at Saudi Global Ports (PSA Group). Built 3 end-to-end Power BI dashboards, engineered 8+ DAX measures, and delivered a full machine learning project, consistently ahead of schedule. Proficient in Power BI, SQL, Python, DAX, and Scikit-learn, with 8 completed certifications across BI, AI, and data science. Seeking a data analytics or BI role where fast, independent delivery translates into measurable impact.

EDUCATION

- **Bachelor of Management Information Systems (MIS) — Imam Abdulrahman Bin Faisal University (IAU) | 2021 – 2026 | GPA: 4.17**
Coursework: Systems Analysis & Design, Enterprise Systems, Networking, Information Security, Business Intelligence

PROFESSIONAL EXPERIENCE

- **Data Analytics Intern (Co-op) — Saudi Global Ports (SGP), PSA Group, King Abdulaziz Port | Jan – May 2026**
- Completed 4 monthly learning plans (Power BI, Excel, AI, ML, maritime logistics, data science), each finished 2+ weeks ahead of schedule
- Built 2 end-to-end Power BI dashboards (Sales Performance, Customer Profitability) with star schema, 8+ DAX measures, and executive briefs
- Engineered 8+ DAX measures (Total Sales, Profit, Profit Margin %, Sales/Customer) and defined 3 KPIs with documented logic
- Cleaned and transformed data via Power Query, resolving inconsistencies across 5+ columns; built star schema with 3 dimension tables
- Earned 8 certifications spanning Power BI, Excel, AI, data science, ML, maritime logistics, and cloud — incl. 100% on AI Fundamentals (IBM)
- Produced 7 formal deliverables (reports, KPI docs, executive briefs) in professional English, all submitted before deadline

ACADEMIC & CO-OP PROJECTS

- **Netflix Content Strategy Dashboard | Power BI** — Analyzed 8,000+ titles; star schema, 4 slicers, DAX measures, 3-point strategy brief.
- **Titanic Survival Prediction | Machine Learning** — Full ML pipeline with feature engineering; compared Logistic Regression vs. Random Forest.
- **Sales Performance & Customer Profitability | Power BI** — 2 dashboards, 8+ DAX measures; flagged discount-margin risk in Consumer segment.
- **Decision Support System Simulation | ARENA** — Simulated system performance under variable load; delivered improvement recommendation.

CERTIFICATIONS

- Excel Skills for Business: Intermediate I — Macquarie University / Coursera (2026)
- Feature Engineering for Machine Learning — Google Cloud / Coursera (2026)
- Introduction to Artificial Intelligence (AI) — IBM / Coursera (2026, 100%)
- What is Data Science? — IBM / Coursera (2026, 97.5%)
- Diploma in Maritime Logistics — Alison (2026, 90%, 33h)
- Applied Machine Learning in Python — University of Michigan / Coursera (2026)
- Data Science Methodology — IBM / Coursera (2026)
- Learn the Command Line — Codecademy (2026)
- Data Analysis with Python — IBM CognitiveClass.ai (2025)
- AWS Academy Cloud Foundations — Amazon Web Services (2025)
- Master Microsoft Power BI — Alison (2025)

TECHNICAL SKILLS

- **BI & Visualization:** Power BI (Desktop, Power Query, DAX, Data Modeling), Excel (VLOOKUP, INDEX/MATCH, Pivot Tables)
- **Programming & Data:** SQL, Python (Pandas, Scikit-learn, Matplotlib, Seaborn), DAX
- **ML & Data Science:** Feature Engineering, Model Evaluation, Logistic Regression, Random Forest, EDA
- **Other:** Command Line, Git basics, Data Cleaning, KPI Development | Languages: Arabic (Native), English (Professional)
